## **International Institute of Social Studies**

The international Institute of Social Studies is a postgraduate school of policy-oriented social science whose diverse activities include teaching, interdisciplinary research and advisory work in the field of development studies. Founded by the universities of the Netherlands in 1952, the Institute is one of the world's leading centres of higher education and research in this field. In 2009 the international Institute of Social Studies (ISS) joined the Erasmus University in Rotterdam. This cooperation offers both the Erasmus University and ISS the opportunity to conduct innovative research with an important spin off in teaching. ISS is based in The Hague.

The Institute offers a four-year PhD Programme, a 15.5-month MA in Development Studies, an Erasmus Mundus two-year joint Master Programme in Public Policy (offered with the University of York and IBEI in Barcelona), postgraduate diploma programmes and tailor-made short courses. All degrees are recognized internationally and by Dutch legislation on higher education.

ISS' teaching and research focus on development studies, a multidisciplinary and interdisciplinary field of study seeking to understand social, political and economic change and development.

This Academic Calendar provides an overview of the 2015-16 MA programme in Development Studies at ISS.

The Academic Calendar is also available in electronic form on the Virtual Learning Environment. On certain issues the electronic version (available on Moodle) may contain more detailed information than this printed version. Updates of the Academic Calendar will also be announced via Moodle. The timetable is published in Moodle, as are detailed course descriptions of all courses. Access to the latter is restricted: only students who have registered for a course have access to the Moodle for that specific course.
